Atlanta, Georgia

Subject: Regarding the Financial Documentation of Support

Sir,

I am applying for MSCS at Georgia Institute of Technology and plan to take an educational loan. The educational loan in India is granted only after the applicant furnishes an "Admission Offer Letter" from a University. Due to this reason, it is not possible for me to provide proof of my education loan as of today.

I am attaching an original copy of the solvency certificate issued to me by one of the most reputed Chartered Accountants in my city.

Kindly note that I have personal assets totaling \$xyz and about \$xyz as movable liquid assets (in cash and company shares – relevant documents attached.) However, since I have decided to take an educational loan for my studies at Georgia Institute of Technology, therefore the appropriate loan documents can only be completed once I get an offer.

Kindly take my case as an exception and do not disregard this application on financial grounds. In case I am deemed fit for admission and I am issued an offer, I can get the required loan documents done in a very short time.

To put in brief again:

- I cannot attach the loan documents as of today since Loan is only considered when an "Admission Offer Letter" from a University is furnished to bank.
- If you consider me for admission, I shall complete the bank formalities and resend the docs, if required.
- I am enclosing a certificate from a CA stating my personal worth and I shall furnish the required financial documents in whatever format required if I am selected for the program.

Regards,

(Shivam Patel)
